INTERNSHIP

Full-Stack Developer Intern | QSPider, Noida

- Mastered full-stack development through intensive training in **Java, Spring, SQL, HTML, CSS, and JavaScript.**
- Good understanding of **SOLID principles.**
- Engineered dynamic and responsive front-end applications using **React.js** to create seamless user interfaces.
- Built and integrated robust back-end systems with **Java and Spring Framework**, managing **databases with SQL.**
- Developed and consumed **RESTful APIs** to ensure efficient communication between front-end and back-end services.

EDUCATION

B.Tech in Information Technology, JIS College of Engineering **Percentage:** 70%   2025

SKILLS

Programming:

Java, HTML, CSS, JavaScript,

Good understanding of SOLID principles.

Web Development:

React.js, Springboot, Responsive Web Design, Interactive UI Development

Developer Tools & Practices -

Git & GitHub , RESTful APIs

Concepts :
Object-Oriented Programming (OOP), Data Structures and Algorithms (DSA)

ETL & Data Skills:
ETL Development, Data Processing, SQL

Additional Skills:
Leadership, Teamwork, Problem-Solving, Adaptability, Communication

PROJECTS

Spotify Clone | Full-Stack Web Application

Technologies Used: React.js, Java, Spring Boot, SQL, HTML, CSS, JavaScript

- Developed a dynamic and responsive front-end using React.js, HTML, CSS, and JavaScript for seamless music browsing and playback
- Engineered robust back-end services with Java and Spring Boot to handle application logic and data management
- Designed and implemented SQL database schema to efficiently store and manage user data, playlists, and track information
- Implemented full CRUD functionality for playlists and user authentication using RESTful API principles

ACHIEVEMENTS / HOBBIES

Held leadership roles during school events. Participated in the

Internal Quality Circle Competition (IQCC).

Passionate about team sports, particularly cricket.

COURSE

Java Full Stack
